

Appendix 12:

Mitigated Properties Summary

Enhanced Appendix 12 includes a database of the more than 1,200 structures that have been or that are in the process of being mitigated using federal funding. The full Appendix was forwarded to the Federal Emergency Management Agency (FEMA) as part of the Standard and Enhanced State Plan which was submitted for approval in 2006. The Appendix also includes sample maps (using GIS software) that reflect mitigated properties by types of projects (elevations, acquisitions, etc). Accessible online is the sample listing of 1,166 properties that were mitigated using federal funding.

To obtain more information regarding the remaining documentation that is not available online, please contact the Commonwealth of Virginia's State Hazard Mitigation Program Manager at (804) 897-6500 Ext. 6563.
